**City of Mount Vernon Launches New Website**

MOUNT VERNON – Mayor Jill Boudreau is pleased to announce that the City of Mount Vernon has unveiled a new website.

In addition to an updated layout and design, the new website offers more efficient access to information about the City, enhanced resources, and a whole new look and feel. The website will also offer online bill payment services beginning in November 2012.

The City’s website was last redone in 2003, and it had not been updated since that time. Mayor Boudreau said “This is a major accomplishment in fulfilling the City’s mission statement – We provide professional, efficient services to create a lifetime positive difference to our Community.”

Visit the new website at [www.mountvernonwa.gov](http://www.mountvernonwa.gov)
