## Program Evaluation

Date:  
Group/ Organization:  
Facilitator(s):

We are in the process of evaluating programs at Eagle Rock Challenge Course. Please assess what is going well along with what we can work on, change or add. Take a moment to give us feedback so we remain a quality course to work for.

1. What was the main goal for the group today? Did you feel like the participants cared about these goals?
2. How was the schedule of the day? Organized?
3. How was the pre course info and support from the ERCC manager?
4. What elements did you like about the program, including activities that worked well?
5. What would you like to see changed or added, including activities that did not work well?
6. Did the group's leadership get involved in the process?
7. Was there any safety concerns for the day (near misses or new ideas as well)?.
8. Circle how you feel about the program in general: 1 2 3 4 5  
Poor Great
9. Did your group leave feeling like they had a positive experience?

**Thank you for your time and feedback, we really appreciate it!
