

City of Mount Vernon Solid Waste Collection Fees

Proposed Rate Adjustment

Over the past several months the City of Mount Vernon has been engaged in a rate study of the City's solid waste services. Except for adjustments for increased pass thru expenses, the City has not had a solid waste increase since 2010. Due to increased annual costs, disposal services and administration fees, it necessitates adjustments to the City's solid waste collection fees. The following rates for City Solid Waste collection will go into effect June 1, 2022 after approval by City Council.

Roll Cart Service	June 1, 2022	June 1, 2023	June 1, 2024	June 1, 2025	June 1, 2026
