Chic Lit is usually written by women for women. The heroine is generally an urban single woman in her 20's or 30's with quirky friends, loveable and meddling family members, and a pseudo-glamorous job. She is either between boyfriends, freshly dumped or half-heartedly in love with Mr. Not-Quite-Right. Her quest is to lose weight, improve her career prospects, or find the perfect boyfriend can be both inspirational and hilarious.
